# Print Palooza

Prints Without Borders: Uniting Artists Globally.

**INGLESIDE STUDIOS** is a bespoke art studio nestled in the Adelaide foothills and headed up by contemporary printmaker, Sally Caston. The 'Global Print Palooza', prints without borders: uniting artists globally. Our aim is to connect printmakers worldwide through printed art. Whether you're a student, beginner, or established artist, everyone is welcome to join.

## Theme

Will be announced on our website [caston.com.au](http://caston.com.au)

## Edition Size

Twelve (12)

Each print must be interleaved with 14cm x 14cm glassine or tissue paper cut to size.

No bigger! Variable editions **will not be** accepted.

## Paper size

14cm x 14cm (5.5 inches x 5.5 inches)

Each print should measure 10cm x 10cm, leaving you with a stunning 2cm border around the edges.

## Print presentation

Choose archival paper, be aware that thin rice paper is extremely difficult to handle, last year we had issues with a selection of prints. Please choose wisely.

Wrap each print like it's a delicate little treasure, using acid-free tissue paper or glassine – cut to size, of course!

Oh, and make sure they're dry! We're after art, not sticky paper disasters!

## Signing and editioning

All your wonderful prints must be signed in pencil only and editioned in the print margin along the bottom edge of the print as per the standard convention.

Left-hand side – Edition Number (1/12, 2/12 ... 12/12)

Right-hand side – Artist's Signature and Year

No doodles, scribbles, or sneaky labels on the back or in the print margins, please! Keep it clean.

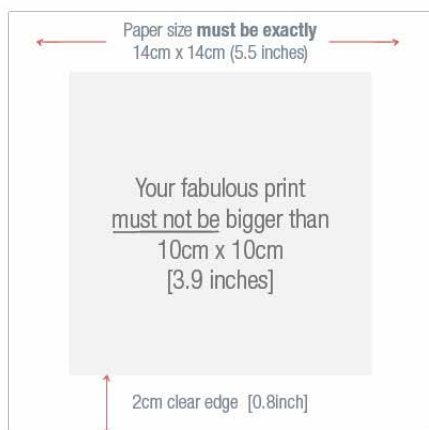

Clearly mark your delivering envelope with your name.

Of the prints submitted, INGLESIDE STUDIOS keeps two; the first is for our archive; the second is for exhibiting.

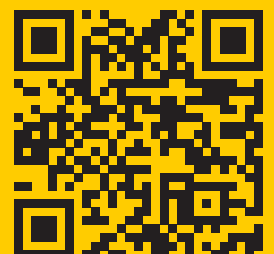

The remaining prints are randomised, sorted, and each printmaker receives ten random prints in return from all printmakers all over the world.
